# Defect Log

| Defect No. | Defect Description | Defect Severity | Test Case No. OR Description |
|---|---|---|---|
| 1 | After all the fields in the create poll page are filled and submitted, the app gives no feedback nor automatically redirected to the main page | Important | No.1 |
| 2 | After all the fields in the create poll page are filled with invalid characters, empty input or long string input, no error message shows up for any one of those kinds of input. | Workaround | No.2, No.4, No.5 |
| 3 | Even all the fields are filled with valid characters, the poll is always created as "untitled" | Important | No.3 |
| 4 | Even all the fields are filled with valid characters, the first option of the poll is always "q1Text.getText().toString()" | Important | No.3 |
| 5 | Even though the author of the poll did not set the password, the other users are also required to have a password to get into the poll page, and the password is never correct(since it is not created by the author). In this case, the polls are always infeasible. | Important | No.6, No.7, No.8, No.9 (Vote on polls functions are not achievable since the poll pages are infeasible ) |
| 6 | When creating a new user, input the username using invalid characters such as "%^&$%^$%^". There is no error message and this | Workaround | No.14 |

| | username is accepted | | |
|---|---|---|---|
| 7 | When changing the username from the edit profile page after clicking confirm, the old username is sometimes not replaced by the new username and sometimes changed wrongly (change to the username inputted last time clicks the confirm). | Important | No.16 |
| 8 | When on the delete poll page, the users are not able to delete the polls that he or she created before. | Important | No.19 |
| 9 | The author of the polls is not able to edit the poll name | Important | No.21, No.22, No.23, No.24 |
| 10 | On the past poll page, clicks on the poll, the four options are all invalid. They all show as "q1Text.getText().toString()" | Important | No.27, No.28 |
| 11 | There is no option for allowing for users to vote without logging into an existing account | Workaround | No.39 |
| 12 | There is no option for allowing for users to create a poll without logging into an existing account | Workaround | No.40,No.41,No.42 |
| 13 | Since the polls cannot be deleted, there is no way to view deleted polls | Important | No.38 |
| 14 | Polls are not able to have images attached to them(there is no such option to attach images to the polls) | Important | No.32,No.33,No.34,No.35 |
| 15 | There is no such an option for user to set up the type of the poll | Workaround | No.46 No.47 No.48 |
| 16 | When viewing past polls, the results show "q1Text.getText().toString()" | Important | No.36 |
| 17 | There is no option to add a new answer to the poll after it's been created | Important | No.37 |

| 18 | The title of every poll is printed twice | Workaround | No. |
|---|---|---|---|
| 19 | Updated user name is not update on poll name | workaround | When the username is updated, the displayed username of polls is not changed. |
| 20 | Updated user name is not updated in profile page after changing | workaround | When username is edited and exited to profile page, the displayed name is unchanged on profile page |
| 21 | No notification is received | workaround | 74 |
| 22 | Cannot update the current result because other users have no access to the poll | important | 78 |
| 23 | Deleting account just quite to the poll page | important | 80, 81 |
| 24 | Cannot change to previous username | workaround | The app says invalid name when the user attempt to change to previous username which is not taken by others |
| 25 | The blue back button on the past poll page is not functional | Workaround | No.25 |
| 26 | After accessing delete page or create poll page from main page and then go back to the main page, the polls in the main page will duplicate once. | Important | The poll list in the main page will duplicate.<br>[Poll A  ->  [Poll A<br>Poll B]      Poll B<br>          Poll A<br>          Poll B] |
| 27 | There is no way for users to see if they got a poll answer correct or not. | Important | No.51, No.52 |
| 28 | Since users cannot have access to any created polls, users have no way to see how much time they have left on the poll. | Critical | No.53, No.54 |
| 29 | When enter the delete page, users are not able to delete any polls. | Critical | No.55 No.56 No.57 |

| 30 | Since all the polls created have the same titles "untitled", not sure if the sort function works correctly. | Workaround | No.58 |
|----|----|----|----|
| 31 | No access found in the past poll results page to see graphical data on past polls. | Workaround | No.59 No.60 |
| 32 | Unable to select correct option in the poll due to functionality failed | Critical | No.51 No.52 |
| 33 | Unable to redirect to profile page or View Past Polls page in delete page | Workaround | Not included in any test cases. Regular functionality test. |
| 34 | One poll might be created multiple times without any confirmation. | Workaround | No.1 |

Note:Some tests can't be done due to unknown password defect (Defect NO.5)
